SLASHED THROAT WITH RAZOR.

Mrs. Adeline Brown, Wearing and Harassed, Attempted to End Her Life.

Mrs. Adeline Brown, aged 80, widow of Joseph Brown, of Village Hill, Lebanon, attempted to commit suicide with a razor about 9:30 o'clock Wednesday morning. The hired man took the woman away from her after she had slashed her throat twice.

She lies between life and death at St. Joseph's hospital in this city, the ambulance having been sent to Village Hill about the middle of the afternoon to bring her here. The attempted suicide was the result of long continued pestering and almost abusive treatment. It is said on the part of her daughter and her daughter's husband, who have been making their home with the old lady since last fall. She no longer had a voice in her own affairs, having, it is reported, a short time ago transferred by deed the property upon which she lived to her daughter, and having also given her daughter the power of attorney to withdraw all moneys that she had in bank. The family squabble has been kept up since the daughter, Mrs. George Tracy (now Mrs. Horace Sadler, she having married the son of the late George Tracy, of the Bennett-Moulton stock company), came to live with the mother.

At first it was believed by the authorities of Lebanon that there was foul play in the matter and Medical Examiner Danielson was sent for. He could not be reached. Medical Examiner Louis L. Mason of this city was

Beware of Ointments for Catarrh That Contain Mercury.

As mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used, except on prescriptions from reputable physicians, as the damage they do is often tenfold to the good you can possibly derive from them. notified at 10 o'clock, and reached the Brown place about 12:15 o'clock. Dr. F. E. Wilcox had been in attendance and had already sewed up the gash in Mrs. Brown's throat. Medical Examiner Mason said that the wound was a bad one, about five inches long, and that the razor had just missed severing the jugular vein and the large arteries at either side of the throat; the windpipe was severed, yet not quite deep enough to cause instant death.

Medical Examiner Mason notified Coroner Franklin H. Brown of Norwich, who came to this city on the 2:05 car and drove to Village Hill. Deputy Sheriff C. E. Noyes of Lebanon was at the house practically all day Wednesday, after the case had been reported to the authorities. It has been known that Mrs. Sadler and her actor husband have been endeavoring to induce Mrs. Brown to dispose of the property. Mrs. Sadler was supposed to come to the Brown home and take care of her mother and when the mother was through with the property the daughter was to have it. Since the Sadlers have been living with Mrs. Brown the latter had been accused of being insane and of setting or trying to set fire to the house, kerosene having been found scattered all over the house but a few days ago. Following an examination of Mrs. Brown relative to her sanity, she was adjudged perfectly sane and the attempt to put the old lady away from her home was abandoned. The same physician, it is said, reported that no signs of kerosene was to be found on Mrs. Brown. Some time ago, shortly after the death of Mrs. Sadler's first husband, George Tracy, the Tracy home on Card street, this city, was burned under suspicious circumstances and Mrs. Sadler could tell more about the kerosene than her aged mother.

It is known that Mrs. Sadler endeavored to secure an accidental death of insurance upon the Brown farm, but was unsuccessful in at least two insurance offices in this city. She was greatly incensed at the time because the representatives of the companies here would not assume the risk, which appeared to them to be too great a hazard, knowing what happened in the case of the Tracy place here.

Two of the four selectmen of the town of Lebanon were at the Brown home Sunday, it is said, in the interests of Mrs. Brown, and one of them was in this city Monday trying to see Dr. F. E. Wilcox, who has been the attending physician of late. The Lebanon authorities, it is indicated, they were just too late, as the property was already transferred and the daughter had been given power of attorney.

Dr. Owen O'Neill of the surgical staff of St. Joseph's hospital, performed a tracheotomy on Mrs. Brown at the hospital Wednesday evening and at a late hour she was resting comfortably, having withstood the operation well.

A Washington Reception.

Prof. D. F. Clifford's juvenile dancing class had its reception in Washington Tuesday evening. There was some sixty in attendance. The reception was an elaborate affair and the music excellent. Various figures were executed by members of the class from 8 until 9:30. The favors were significant of the holiday and were distributed by Mrs. J. L. Harroun. Mrs. Charles M. Thompson, Mrs. Wilmer Bradbury and Mrs. William P. Jordan. At intermission and after the dance, the children were treated to refreshments served by Caterer Prince, the ice cream being adorned with miniature flags.

Committed to Norwich Hospital. Sarah J. Shippee, aged 58 years, was committed to the state hospital for the insane at Norwich Wednesday by Judge Probate James A. Shepley. Mrs. Shippee was examined by Dr. John Weldon and Owen O'Neill, who found her mentally deranged and so reported to the probate court. William Shippee, a son, was present with his mother when the papers were executed and he excellent.

Are Bananas Losing Flavor? Bananas, several years ago, both in cheapness and quality, took the place of more expensive fruits, the maw of our town and city population. Bananas are particularly women's and children's fruit. But for some reason in the last few years bananas seem to be on the blink and are not much good, anyhow, not what they used to be, even before the days of the fast steamers and quick trains. Whether it is the several seasons of tropical tornadoes or whether planters have got to much plantain raised in them—for most "bananas" here are half plantain—or whether they are handled wrong from the time they are cut, seems to be a question; but one thing is certain, bananas are falling backward in public favor in the United States.—New York Press.
